## Appropriate leveled teams for all athletes.

All teams at Spirit Express are built based upon placing each team in a position to score as high as possible in competition. Each team must be able to stunt, jump, tumble, dance, etc. at a level that will enable them to maximize the score sheet. This means all athletes need to be able to perform the level of skills at the level they are competing. Athletes will be placed on teams based upon their abilities, as well as their mental mindset and most importantly, their age. Please trust the Spirit Express staff to build teams that will be successful in the competition arena.

## Skills are continually developed and athletes are pushed to engage their full potential

## All athletes make a team.

The placements will be finalized and posted May 31st via email. These postings will be the final teams the athletes will be placed on for the 2026-2027 season. However, in certain circumstances, athletes may be moved to other teams before, during and after choreography. Our focus is to build the strongest teams possible and to make sure each athlete is placed on a team where they can excel and have a positive experience. If they cannot maintain their skills to be on a certain team, they will be moved!

## Highly qualified coaching staff with over 75 years of combined experience!

## Competition schedule planned in advance for easy planning for all families. NO Virtual Events!

Competition companies are still nailing down their schedules for 26-27 season. As soon as we get the exact dates and locations, we will let you know. We are hoping they will be set by tryout postings. When you get these dates, please make sure you put them on your calendar and PLAN AROUND THEM!

We plan to start our season around the beginning of January and end toward the end of April. You are expected to take your own athletes to competitions and provide your own travel and hotel (if needed). We don't ever require that you stay in certain hotel. What works best for your family is what we want you to do!

## Safety First! Athletes are taught proper technique to allow them to advance their skill levels safely.

## Lifelong friendships are made! Life lessons are learned!

Athletes are expected to attend EVERY practice and competition. We ask that our school cheerleaders and other sport athletes & their parents request school schedules to be given to them as far in advance as possible. We work hard to make it as easy as possible for our athletes to cheer at school and Spirit Express. Athletes missing any practice without a valid reason may be removed from the program immediately. In addition, athletes missing excessive practices may be removed from the program. This is a team sport, and all team members are required in order to have the most productive practices.

IT IS HARD TO HOLD PRACTICES WHEN SOMEONE IS MISSING! WHEN ONE ATHLETE MISSES, AN ENTIRE STUNT GROUP HAS NOTHING TO DO!  
We compete as a team and need to practice as a team!

## **Fees & Payments are spread out throughout the season – NO HIDDEN FEES!**
